About Khiron Life Sciences Corp.

Khiron Life Sciences is a Canadian integrated medical cannabis company with its core operations in Colombia. Khiron combines leading international scientific expertise, agricultural advantages and branded product market entrance experience to address the unmet medical needs in a market of over 620 million people in Latin America. Khiron has received licences in Colombia for high- and low-tetrahydrocannabinol (THC) medical cannabis, and is now in receipt of all licences required for the cultivation, production, domestic distribution, and international export of both THC and cannabidiol (CBD) medical cannabis.
